Ms. Ascolese –

Thank you again for being so generous with your time and meeting with us on Thursday. We greatly appreciate Councilor Mallon's attention on this matter and the time you've all invested in coming up to speed on the HP/BDS debate. This has been quite an education for me in the workings of our city and I appreciated your insights.

I imagine we will see each other again soon. In the meantime I would welcome the opportunity to discuss any additional questions and concerns with you or the councilor.
